Hongkong, May 30th, 1884.

MR. Ford's report recently published gives an interesting account of the afforestation 1156 1165 .1172 work carried on in the Colony during last year, tegether with a summary of the total 1322 1331 1341 result of previous years' planting operations. 1374 1378 1389 1399 The Colony has good reason to congratulate 1430 1439 1447 1453 itself on the success which has attended this their trial at the next Criminal Sessions of the Committee on the subject Grant-in Aid Code, which entirely excludes all although much progress has undoubtedly been success which has attended this Supreme Court their defence being reserved. 1548 1559 1567 work. Already a great change has been wrought in the appearance of the island and every succeeding vear the improvement will 1788 become more striking, the barren slopes being gradually covered with young forests. No one can walk along the Pokfolum-road, the Shaukiwan-road, or up to the Peak without observing the appearance of freshness and beauty which the plantations have imparted to the formerly bare hilleides. A considerable portion of the island is unavailable for planting, large spaces having to be reserved for the water-sheds, while on position; marking, military regulation; weapon, some exposed ridges and other parts plant. the regulation Martini-Henry carbine. ing offers no prospect of success. Deducting these we believe about half the available son and Quincey; Sergeants Robertson, Butlin, ground is now covered with trees, but a large Kemp, Mann, and McKay; and Constable Treasury, as the local Government could not reproportion of those recently planted are as yet too young to attract attention when after which the attention partment will be confined to the servation of the forests and their im-3442 3451 3461 3470 provement by the introduction of different varieties of timber. The plantations consist for the most part of the China pine, but al-3692 | ready a good number of other trees of varitwenty-five thousand being planted last year 3898 3912 3916 alone. The pine is the most useful tree for rapidly clothing the hills, and from an economical point of view also we think it will turn out valuable. During the past year market. By no means the least pleasing feature last year is said to have amounted to \$5,500,000 two of the Mount Gough and two of the of the import columns is the evident growing in four mouths. It would seem to be undoubted Bowrington plantations were systematically too, are finding favour, not so much for crisis are not unusual amongst native capitalists. 4338 4351 4354 4362 thinned for the first time. 4,678 trees were drying purposes as for the purpose of mak- 5.—The proposal of the Directors of the sold as they stood and were felled by the 4507 4518 4524 4534 purchaser and split up to be resold as fuel As the plantations grow the thinnings will go I a long way to supply the Colony with its own 4733 4743 4750 4756 firewood, and some of the timber will no doubt be found available for building operations. 4927 A good supply of the seeds of the Chinese varnish tree, the report informs as, were which is the increased importation of flint stones. in circulation. By the local Ordinance constitut-5123 5130 5140 5148 economic importance, the oil it yields being in much demand amongst the Chinese. The valuable cassin lignen tree has also been successfully introduced. This was a result of Mr. Ford's botanical expedition up the West River in 1882. Another expedition attended with very satisfactory results was detect the difference; what must then be the necessary to conduct the issue is already in made last year: and the Government may fairly be expected to continue to provide funds for the gradual hotanical exploration of of his cheaper goods at the higher rates, and he Issue and ascertained their views on this matter. South China, both with the view of enriching wasin nowise slow in taking advantage of such an It appears, however, that the charters of their our plantations and gardens with trees and opportunity. All safety matches in square boxes Banks do not allow of the issue of One Dollar

6635 6645 6652 6659 also sown, and the coffin wood tree continues 6689 6700 6707 6715 to thrive. A large number of other trees, in-6830 cluding gums and oaks, are being interspersed 6864 6867 6875 6883 amongst the plantations and will afford a 6914 6922 6932 6939 pleasing variety to the landscape. The 7028 7036 7042 7052 primary object of afforestation in Hongkong 7108 is to improve the appearance of the island and its hygienic and climatic conditions. If 7276 the forests can be made to yield a revenue. 7333 that is an incidental advantage to be received with great satisfaction, but even although 7483 7491 7500 no return whatever could be expected the Matheson & Co.) that the Indo China Steam 7554 the prosecution of the work would be none Navigation Co.'s steamer Posang had gone the less imperative. We recently saw 7724 suggested in a contemporary a very simple Chusan. The passengers and specie were saved. experiment to illustrate the advantages of Assistance has been sent from Shanghai, but the afforestation. If water be poured over a 7946 bare table it immediately runs off and in a short time the table is dry again. If, how-8110 8117 ever, the table be covered with moss the 8173 water trickles off very slowly and the table 8204 8215 8220 8231 will remain damp for days. The same results specie on board amounted to about \$22,000 problem which has been suggested. The Combanguage, the Grant-in-Aid system might be situated in town or in some of the largest villages, the majority. This, taken together with the last of competing for it. forests and in an arid country respectively. hoped that the vessel may yet be got off. 8510 Hongkong is but a small place and its 8540 8550 8558 8568 blimatic conditions are in the main determined by those of the neighbouring mainland, but even with such a limited area to operate upon we believe it possible to effect some modification, and in the event of a long drought in the hot season-an event which happily seldom occurs, but which is excessively painful when it does-the value of the plantations from this point of view would make itself signally apparent. One other part of Mr. Fond's report invites remark. In the streets and roads of the colony there are upwards of 3,600 trees under the management of the department which, if placed atan uniform distance of thirty feet apart, would represent an avenue of ten miles in length. Unfortunately every year sees a diminution PAID at the Office of this Corporation on and of the large trees in the streets, many after that date.

For the Hongkong And Shanghai Banking Corporation, and Shanghai Banking Corporation, street alterations, of the streets, many of the Government amounted the streets, many of the Hongkong Public School, appears of the Hongkong Public School, appears of the Government amounted the streets, many of the Hongkong Public School, appears of the Government amounted the streets, many of the Hongkong Public School, appears of the Hongkong Pub

REPORT OF THE FINANCE COM-MITTHE ON THE ISSUE OF ONE DOLLAR NOTES.

The following is the report of the Finance of the issue of One Dollar Notes recently pre- distinctions secular and denominational or re- made in the direction of extending education to who have already passed the highest standard sented to the Legislative Council:-

The Finance Committee have carefully considered the whole question of the issue of One from the following paragraph taken from the San Dollar Notes in Hongkong, and have read all the correspondence connected therewith. The Committee have also endeavoured to elicit all the purpose of obtaining from the Government an information to be gathered upon the subject and beg to report as follows:--

2.—A more extended issue of One Dellar Notes is most desirable for the convenience of A shooting match will take place to-morrow the community, if not absolutely necessary. The Committee consider that the circulation would never exceed \$400,000 to \$500,000, and that if would be confined to Hongkong, Canton, and Macao. The Committee understand that notes command no extensive circulation at the Coast

3.—The Committee consider the issue of One Dollar Notes by the Government unadvisable under the conditions laid down by the Imperial coup any portion of the considerable expense of initiating and carrying on a note circulation, A truthful geographer and historian, in a and, in view of the serious demands on the respecial letter to the Press from the neighbour- venue of the Colony caused by the extensive hood, tells us that Sarawak is a deadly dull place. public works in progress, the Committee think From his account we should say it must be. He it undesirable that any permanent addition to tells us that it rains there every day, the rainfall expenditure should at present be made. Under being as much as 200 inches in the year. Then I these circumstances it may be found practicable there is, he complains, no society. A Yankee to substitute for the plan of a Government ison a "prospecting" expedition once asked the sue a scheme submitted by the directors of the only settler on a bit of land he had bought on Hongkong and Shanghai Banking Corporation. speculation what sort of place it was. "Very 4.—It would never be possible, in case of a good, stranger," said the settler, "but we badly | Government issue of notes, to invest any consiwant two things—water and good society." derable portion of the funds representing such 'Why," answered the visitor, "that is exactly notes, as in the event of pressure on the Governwhat is wanted in ---," a place we never refer | ment for silver, the Banks would also be pressed, to. E, J. EITEL, PH.DR., ... Inspector of Schools. The Honourable W. H. Marsh, C.M.G., Colouial Secretary, &c., &c., &c.

POLICE COURT. May 29th.

BEFORE Mr. E. MACKEAN.

VAGRANT ARABS.

Eight Arabs were brought up charged by Inspector Grey with wandering abroad, and · having no visible means of subsistence. Inspector Grey said the men came to the Station for help, representing that they had nowhere to go, and no means, and they were given a night's lodging. They said they had embarked at Port Said for Australia. They had been hanging about the town since then, and by direction of the Capt: Superintendent he had Hongkong Fire Insurance Company's Sharesarrested them.

One of the men, who spoke Spanish, said they had been decrived; they had embarked for Australia, and had been brought here instead. The case was adjourned to to-day, the defendants being allowed out.

two bottles of preserved fruit from the British steamer Humpshire on the 28th inst. The second officer of the steamer Mr. J. Scott, had his attention called to the prisoner, as he was leaving the ship, by the stevedore. He stopped the man and searched him, finding the Hongkong Hotel Company's Shares \$145 per Rates. bottles in his pessession. The prisoner was committed for three weeks'

BEFORE MR. A. G. WISE.

UNLAWFUL POSSESSION. lawful possession of several articles of clothing on the 25th inst.

A lokan mat the prisoner in Wellingtonatrast, carrying a bundle under his arm, and Ferak Tin Mining and Smelting Company supporting haliad not come by it honestly, he asked the man what he had in the bundle. The defendant threw down the bundle and bolted directly he was questioned, but the constable overhauled him, and took him to the station. Subsequent inquiries made were successful in finding the rightful owner of the effects in a Chinese Imperial Loan of 1878-Nominal. person residing in Gough-street. They had been left with him but a short time before, and he missed them from his house. The prisoner said he had been discharged from

g ol only the day before, and he went to a mun to get some money owing him. That individual had no money, so he gave him this lot of The lokang stated that he had been tramping round the town with the prisoner to find this man, but he was not to be seen. The prisoner was sentenced to three months'

BEFORE BOTH MAGISTRATES.

EARRING SNATCHING. Tang Shing, cook, was charged with stealing a pair of carrings from the person of a woman

named Wong San. The woman was in the Po Lok Theatre, and the was just leaving with the rest of the audience when the prisoner came in front of her and snatched her earnings. She raised a cry of "thief," and the man darted down into the basemant. P.C. Mitchell was in the building, and he was soon in pursuit. He scoured through the bisement, and after a careful search, found the prisoner concented between two enrisins; after a further search he found the earrings, minns one of the jade drops, on a bed near by, and the drops he found in the man's pocket. The prisoner was sentenced to eighteen

months' hard labour. POCKET PICKING. Wong Ahung, unemployed, was charged with stealing a \$10 notes from the person of one Abdool Alli, a fireman belonging to the British stemmer

Sikh on the 28th inst. Abdool was in a shop with a friend, bargaining for a blunket he wished to purchase. He had a 310 note in his possession, tied up in the corner of a handkorohief. While bargaining, he felt his pecket touched, and turning sharply round, he saw the prisoner just making off with this handkerchief in his hand. He gave chase and caught his man before he had covered more than 25 yards, but the handkerchief and note were not then on him, and he had been running among sum a lot of Chinese, that it was impossible

The defendant admitted the theft but said he gave the handkerchief and money back when caught, which the plaintiff denied. The prisoner ulso admitted four prior convictions, on one of which, for a similar offence, he was sentenced, to Manila..... .tremnozirami ariev a all was sent to prison for two years hard ancoal.

to know who had received it.

THE LATE AMERICAN MINISTER TO BERLIN.

The Argonaut says: Mr. Sargent terminates his unsuce scal diplomatic career by an enforced raig in the of his embray to Berlin. It was retary of State and President Arthur in such a unfitted for the place. To us of California, who, from personal acquaintance with Sargent knew how utterly he was disqualified for his position, and how entirely he was wanting in the essentials of culture, deportment, wealth, and breeding to fill so honourablea post in so distinguished a court as that at Berlin, nothing more would have been required than for the President simply to have recalled him. Those who did not know the mental calibre of this small politician; those who did not know the history of his appointment to Germany, and the intrigue which led to it; and those who, whatever may be the conduct or the character of an American embassador, demand Famility for the country he represents the highest respect | Direction of wind ... -will be glad to think that Mr. Sargent has Force of wind been recalled in a manner which preserves our friendly relations with the leading power. Of conrectit was understood that, as he could not go to Russia, he would not go. As he could not speak Russian, and as he is by no means fluent in the court language, French, it would have been like sending a dumb man, and would have made our Government appear most unspeakably ridiculous. Sargent at the court of the princely Romanoffs, clad only in his deportment, would have been too naked to be respectable. If the offer of a position which he could not accept is grateful and cooling to his wounded pride, and will help to break the force of his fall from the place to which he should never have been elevated, we shall not complain. Gorham, Sargent,

and Carr!

of ladies which Lady Bowen very kindly formed WENCHOW. The following is extracted from a private letbrought together and submitted at one and ter from Wenchow:- "We have had rather a the same time to the examination of this com- bad case of persecution here lately, and we are mittee. The Italian Convent School naturally not over it yet. The wife of a native brother distinguished itself by the superiority of its died, and the neighbours insisted on this perartistic embroidery. The committee, however, forming the usual heathen rites, but he refused very justly proceeded to classify the work and they would not allow him to take the coffir done by the schools on the principle that in, or the corpse out, and he was shut in his needlework of general utility should, in the case house four or five days with the corpse; then he of grants from public fauds, be classed higher escaped and ran off here. After a few more (outeris paribue), than work which serves days, the neighbours got alarmed at the stench of the corpse and caught the other Christians ticles of clothing or of domestic use had and wanted them to perform the usual rites, but therefore, when the work was well exthem and beat them, and tied them up over the stinking corpse till they were almost suffocated and after the body was put in the coffin, the mittee was to take the age of each individual tied them to the coffin by the quenes, and bea them dreadfully."-The Star in the East."

Mails, &c.; by the British Contract Packet:-Day of Departure. Noon.—Money Order Office closes. 2.00 p.m.—Registry of Letters ceases. Posting of all printed matter and patterns ceases.

3.00 P.M.—Mails closed, except for Late Letters. 3.10 r.m.—Letters may be posted with late fee of 10 cents until 30 P.M.—when the Post Office closes entirely. 3.40 P.M.—Late Letters may be posted on board the packet with late fee of 10 cents, until time of departure.

The Post Office declines all responsibility for Unregistered Letters containing Jewellery, &c., and, where Registration has been neglected, will make no enquiries into alloged lesses of such THE CHUNG NGOI SAN PO letters.

LETTERS FOR THE UNITED STATES BY SAILING When it is desired to forward letters to the United States by a sailing ship which is not notified as carrying a mail, it is only necessary to post the letters in the ordinary way, marked with the name of the ship, and prepaid 10 cents per half ounce as usual. The Post Office then undertakes the duty of obtaining notice of departure and despatching the correspondence. It s requested that the letters be posted if possible at least one day before the date fixed for sailing.

To provide means of remitting small sums f money to or from this Colony and between the Ports of China, the Postmasters and Agents of this Office are allowed (but not required) to purchase Hongkong Postage Stamps from foreign residents.

The Stamps tendered for sale must not exseed \$50 in value, must be perfectly clean, in good condition, and in strips of at least two, as no separate Stamps will be purchased. They must be presented personally or accompanied

Letters containing Stamps should be regis-[943 observation.

-BOLDIERS' AND SAILORS' LETTERS. (1,) Privates in H. M. Army or Navy, Non-Agents for the Sale of their Goods in commissioned Officers. Bandmasters, Schoolmasters (not Euperintending or First Class) Writers, or School-mistresses may send halfounce letters to the United Kingdom by the [20 English Mail at the rate of two cents (one

ponny) each, or by the French Mail at the rate of four cents (two pence) each. The posterior in the prepaid either in Imperial in the long Stamps, but not by both kinds on the sameletter. (2.) To other places not beyond Great Britain. HONG and SOUTH CHINA for the Japan such as India, Malta, &c., the postage is 2 conta Gazette, . "Japan Gazette Summary," and (one penny). (3.) The same privileges apply to letters ad-

"Hong List," Orders for Subscriptions and dressed to the Private and Non-commissioned Officers named above. (4.) The letters must not exceed half an ounce. No handkerchiefs, jewellery, &c., can be sent, even with the ends open.

5.—If from a Soldier or Sailor his class and description must be stated in full on the letter. OWNERS, will be RESPONSIBLE for any the cover of which must be signed by the Commanding Officer, with name of regiment, ship, &c., of the following Vessels during their stay in in full. If to a Soldier or Saflor, his class and description, with name of regiment, ship, Se., must be stated in full. (6.) Soldiers and Sailors have no privileges

with regard to books or papers; nor can these be

prepaid with Imperial Stamps. But not Warrant Officers, vis: Conductor, Assistant Engineer, Gunner, Boatswin, or Carpenter

EXTRACTS.

DESOLATION. In flercest heat of Indian June, I rode Across an arid wasto of burning sand, At mid-day; all around the lonely land Seemed desert, and in shranken channel flowed The river; overhead, a sky that glowed,

Not deeply blue, but wan with hurid glare. The tyrant Sun, with fixed, unwinking stare, Veiled by no cloudlet, in mid-heaven abode, And orushed all Nature with his blinding ray. No living thing was to be seen, but one Hugo alligator; on a sandbank prone The louthly saurian, basking and sorone,

Grim master of that grim, unlovely scene, Fit type of utter desciation, lay. H. C. I., in Spectator.

THE CHURCHES OF BERLIN. on the Pilizza del Popolo at Rome. Each sixteen hats, three rats, 237 mice, 693 voles, has a domed tower 230 feet in height. The 1,590 shrews, and twenty-two birds. Sixty Roman Catholic church of St. Hedwig, be mice in a single night is not bad work, but bind the Opera House, was erceted by Fre. as both male and founde feed the young, Times.

the depth of his heart, save, "I will make a wailing ... and mourning as the owls; and again, Isniah, setting forth the dosolution of Idunica, "Her palaces shall be a reating-place for the screech owl." Poets write by day, and owls fly by night; and, doubtless, Mr. Gray and his school have their opinion of owls from storing at stuffed specimens in glass, or at the birds of wisdom surprised in the full light of day, when they will be seen blinking, ogling, nodding, spitting, and hissing at each other like very Saturies, and not us, the representatives of Minerva in any wise. "Christopher North'

is the only writer who has done justice to the the owls, and justice to the poets for the matter of that, by his donunciation of their epithets and false images. The white owl ? never mopes, but holds his revels through a the livelong night, and reigns supreme when all else is hushed and still. Laughing No capital of Europe is probably so badly jackasses, mocking birds, whip-poor-wills, off as Berlin as regards both the number and hymnas are stoics compared to the burn M and beauty of its churches. In 1875, there owl, and we have it on unimpeachable C were only sixty-four places of worship for authority that the man in the moon has nearly a million of people; as only seven- never upon any occasion heard the owl teen per cent of the population appear ever complain to Luna. And here Mr. Gray, to attend, the want is not severely felt. The much as we love his beautiful "Elegy," is nttendance on religious services on an aver- all wrong again. Poor poets should not age Sunday is, according to Dr. Schwabe, meddle with owls. IIr. Waterton tells us only two per cent, of the population. The that this bird, when she has young, brings to oldest church in Berlin is St. Nicholas', hernesta mouse about every twelve minutes; some portions of the building dating from so that you see she must be pretty, actively the thirteenth century; but the whole has employed, and have but little time wherein been restored, and, in addition, has been to make her poetical complaints to the furnished with two lofty towers. The interior moon! What does she do in the daytime? is very picturesque, and exhibits the artistic Olimb up into this hay-mow with us and styles of several periods. Here is the tomb you shall see! There is an angle of the beam of the noted Baron Puffendorf, Privy Coun- the white owl sits with her spouse, both cillor, and Judge of the Court of the Great snoring away like very-Broodignagians. Elector Frederick William. The Domkirche, Ah! you have disturbed his owlship; he or cathedral, on the east of the Lustgarten, stops short in his suoring, blinks wide his is an insignificant edifice, erected in 1747, great round eyes, and stares vacantly atand restored in -1817; in which eighty and nothing. Remain still for a moment, and cestors of the royal family are buried, and hide yourself behind the old peat " sled;" the virtues of some of them recorded on then the worthy couple go on shoring and monuments. Frederick William IV. intend- snivelling, including their wisdom-full heads ed to erect a new cathedral more worthy of towards each other, and the duet is conhis great capital, and to this end the found-tinued-the most uncartuly, ridiculous, ations were completed, and a part of a grave, like-nothing-else noise you ever beard burial-ground prepared—the Campo Santo, Here they will stay all day, digesting the for which Cornelius designed cartoons; but mice with which they have largely gorged the work was never brought to completion, themselves, until the gloaming, when they and the unfinished Campo Santo is now a will again issue forth upon their madeap kind of museum, with casts of the Greek revellings. The food of the barn owl consists statues and reliefs excavated at Olympia at of mice, rats, voles, strews, small birds, and the cost of the German Government. The fish, and the remains of almost all these twochurches in the Gensdammen-markt-the animals may be found in the balls which it Franzosiehe Kirche and the Neue Kirch- ejects. Dr. Altam examined 700 of these were built in imitation of the twin churches pellets, and found in them the remains of

derick the Great, in amitation of the Pan- and must themselves be fed, 100 mice and theon at Rome. The Gothic Klosterkirche, rats is the lowest computation we can make. erected by the Franciscans towards the When we were lads we well remember close of the thirteenth century, is the finest | gathering a basket full of the pellets which and best-preserved medizoval building in the barn owl ejects nearits nest. As each ball Berlin; the oldest portions extant are the contains the remains of six or seven small choir and stalls, and several tombs, all of quadrupeds or birds, these ejected pellets the fourteenth century; an incongruous are proof positive of the good which this belfry, towers, and vestibule were added at bird renders to agriculturists. The pellets a recent restoration. Of the modern chur- referred to must have accounted for thouches no particular account is needed, all sands of small though destructive rodents. though it may be noted, in passing; that the Fish, too, or rather their remains, we have slender spire of St. Peter's, 315 feet in found in the owl's nest. Well we remember height, is the loftiest in Berlin.—Italian the silently flowing reach in the river, shaded by red and brown beechen trees, where we saw this Nimrod of the night flying beneath the boughs of the overhanging trees with a fish in its claws. This In the State of Michigan there is a bold clever mouser, then—this cat with wings and unfortunate reformer, the wife of a dull has a strong claim to our protection, and let and conservative man. The reformer is now | not idle superstition prevail on us to further of her age. She has a new and thoroughly of the owl in some by tod, or in a scoopedartistic idea in regard to dress, and this idea out hollow upon the grey and mouldering has cost her the confidence and affection of ruin, in luophole of barn, stump of decayed her husband. It is the opinion of all intellinee, church tower, or rick, or even in the ligent women that there should be, if not pigeon-cote, for the owls dwell peaceably identity, at least harmony of colour in arti- with the rightful owners thereof, never by cles of dress. Thus no intelligent woman any chance devouring the tender young would wear a red skirt, a yellow dolman, a ones. Once, we remember, whilst spending blue hat, and green gloves at one and the our summer vacation at a lovely farm-house same time. Of late the tendency to become among the hills, going out with a manmono-chromatic in dress has grown steadily servant to shoot owls. Young as we were, stronger. There are women who go so far we pleaded long and earnestly that they as to wear only red stockings with red skirts might be spared, urging that if now and and never to put on a blue dress without at again they took a young pigeon, they did the same time putting on blueshoes, gloves, infinite good as a "set-off" by the quantity corsets, gussets, and p-tt-c-ts. To this lat- of vermin they destroyed. The fellow would ter class belongs Ellen Palmer, the martyr not be moved by our entreaties, however, as of Michigan, and her offence, in the eyes of he knew perfectly well that the pair of owls her husband, is that she carried her passion | that had their nest upon the beam in the barn for mono-chromatic dress to a previously un- had eaten his young pigeons. After lying dreamed of extent. It was Mrs. Palmer's for some time under the sycamore at the opinion that a woman's hair should always top of the fold, one of the owls skimmed be of the same colour as the rest of her gar- silently over the trees and entered the cote.
